Ben and Sherry Andrews

Anne and Frank Taylor

This Sale features fifteen (15) sons by Candolier Forever 376, seven (7) by Emulation N Bar 5522, four (4) by OCC Eureka 865E, four (4) by OCC Broadside 876B and the remainder by equally great sires. The bulls' mothers are outstanding. These bulls are our best effort to date.

These SVR bulls were bred and developed to thrive on the range. We developed them slowly, and only on forage. They aren't hiding behind fat and tons of feed. They will last!

The SVR bulls will transmit Structural Soundness, Fertility, Superior Teats and Udders, Functionally Low Birth Weight, Balanced Growth and Outstanding Carcass Quality to your herd. They will stamp your calves, assure uniformity and transmit the maternal goodness inherent in the traditional Angus breed. These two-year olds have the proper phenotype, will assure calving ease, and have excellent dispositions.

We did not include photos of the bulls in this sale book. We want you to see the bulls on videos or in person, so you can fully evaluate them and watch them move. You can see the bulls on [www.superiorlivestock.com](http://www.superiorlivestock.com), where you can bid on them if you can't make the sale. Our specific page is <http://www.superiorlivestock.com/production-event-detail?id=1504>.

Videos of the bulls are on our website, [www.svr-angus.com](http://www.svr-angus.com). Please visit the website to learn about our program, and see the Herd Bulls, the AI sires and our Foundation Females. On the website, you can also watch *The American Rancher* program that featured our Ranch, its history and the history of the Nebraska Sandhills.

You're always welcome at the Ranch, where we serve the best coffee in the Sandhills. There's no better way to evaluate a bull than to see him in his natural environment, and view his mother and siblings. You can find directions to the Ranch on our website. If you would prefer a CD, please call or email us, and we'll send you one.

As you read this sale book, you'll see that we don't list all of the available EPDs. We provide EPDs that are the most meaningful to the cow/calf producer.

Most importantly, we do NOT select by the numbers. We rigidly and regularly score our animals, culling those that do not meet our standards. We cull females that have poor dispositions, poor legs and feet, inferior teat and udder structure and low quality milk. Our cows must maintain excellent fertility and be long-lived. They must be phenotypically correct, feminine and angular, so they calve easily, feed their calves properly, and cover large country during the summer. We strive for a mother cow that can wean a calf at least 50% percent of her weight.

We continually score the calves throughout their lives. Each calf is tagged, weighed and handled on foot. The mother cannot be overly defensive or run off. The calf must get up and suck on its own quickly. The cow needs to pair up and take her calf with her when pairing out. If the mother and the calf do not meet these criteria, they will be culled. If they meet the criteria, we'll consider them for our herd, and yours.

Our herd bulls come from cows like we just described and must be easy to handle and phenotypically outstanding. They must be masculine, and breed with vigor. They must sire outstanding animals that have excellent carcass quality, proper phenotype, easy dispositions and superior maternal genetics.

Then there's one final step in the selection process. The environment selects our animals. If an animal can't make it on our native grass, supplemented with salt and mineral, then the animal has culled itself from our herd.

As you've probably noticed, we offer, at each sale, bulls sired by great sires from many years ago. We do so because they're proven, breeders know what worked, and we have history behind them.

For many years, we've been asking one question of great Angus breeders: What is the one bull that you wished you had used more in your herd? (Of course, other questions followed.) The answers were readily forthcoming.

One of those animals is **Candolier Forever 376**. The producers who used **376** said they wished they had used him more. Bred in the Elsworth and Garey Candee Montana program, **376** recorded a 99-birth ratio, and weaning and yearling ratios of 118 and 113. He is regarded as being "in a league of his own for maternal strength." That's why we used **376** - we seek to transmit the maternal goodness inherent in the Angus breed to your herd. And we mated him with females that will further enhance his style and genetics.

We used **Emulation N Bar 5522** for many of the same reasons as **376**. As Tom Burke pointed out in *Angus Legends*: "**5522** recorded a birth weight of 80 pounds, a 205-day weight of 623 pounds for a weaning ratio of 119, a 365-day weight of 1,196 pounds for a yearling ratio of 121. **5522** gained the reputation for transmitting outstanding udder quality, fertility, femininity and longevity." We have used three of the N Bar's most famous sires: **E31**, **5522** and **EXT**. All do a great job. However, we have found that **5522's** offspring perform just a bit better in our environment. **E31** and **EXT** may perform a bit better in other circumstances.

Noted Angus breeders also identified **OCC Broadside** as a bull that should have been used more in their herds. We saw absolutely tremendous animals produced by a South Dakota cattleman from **5522/Broadside** matings, which is another reason we've incorporated him into our herd.

**OCC Eureka** has done a great job of adding thickness, masculinity and spring of rib. He is triple bred to the great female foundation sire PBC 7071M FO203.

Our herd concentrates traditional Angus breeding of Emulation, Wye and Rito/Traveler. The Emulation line provides unrivaled mothering ability, fertility, calving ease, superb teat and udder structure, and survivability, adaptability and longevity in the range environment. Wye is original Aberdeen Angus. Wye animals are highly maternal, transmit calving ease, have excellent carcass quality and marble easily on grass. If you trace the lineage of today's outstanding herds, most have Wye in the pedigrees. Rito/Traveler transmits muscle, adds performance, helps carcass quality and provides gain. Using line breeding and these lines of Angus cattle, we know we produce outstanding animals.

These 75 Registered Black Angus two-year-old bulls embody Timeless Genetics for Today's Producer©. We challenge you to find any other set of bulls that combines the best genetic traits of the Aberdeen Angus breed.

HOPE TO SEE YOU ON SALE DAY.

IF YOU CAN'T JOIN US, PLEASE FOLLOW AND BID AT:

HAVE A GREAT 2016

THANK YOU!

# 2016 ANGUS BULL SALE

Friday, February 5, 2016 • 1 p.m. CST  
Burwell Livestock Market • Burwell, NE

**LOCATION:** Burwell Livestock Market, 401 S. 11th, Burwell, Nebraska. The Livestock Market is located in the southwest part of town, west of the water tower.

**SALE TIME:** 1 p.m. CST.  
Free lunch to bidders, 11:30 A.M.

**AUCTIONEER:** Col. Mike Baxter

**CONSULTANT:** Ken Brubaker 540.908.5799

**VIEWING:** You can see the bulls on the ranch (directions at [www.svr-angus.com](http://www.svr-angus.com)), or one day prior to Sale Day at the Burwell Livestock Market. You can also view videos online at [www.svr-angus.com](http://www.svr-angus.com) or [www.superiorlivestock.com](http://www.superiorlivestock.com). Our log in page for viewing and bidding is <http://www.superiorlivestock.com/production-event-detail?id=1504>. We elected not to include photos in the sale book, because the bulls are best viewed either in person or video.

**HERD HEALTH:** All bulls will have passed a breeding soundness examination and fertility test, administered by Dr. Chere Stephen, DVM, Sandhills Animal Health Center. All bulls were vaccinated with Pyramid 5 Presponse SQ, Vision 7 Somnus, and Poured. All are virgin bulls. Our entire cow herd is AM Free, NH Free and CA Free. Dr. Stephen will be present to provide health certificates for same day shipment.

## SALE DAY PHONES:

**Sale Barn:** 308.346.4257

**Ben:** 402.382.8181

**Todd Eberle** (Sale Barn Mgr.) 308.870.1783

**Col. Mike Baxter** (Auctioneer) 402.394.5686

**Jay Nordhausen** (Angus Assn.) 308.289.1548

**Kristian Rennert** (Angus Assn.) 970.218.9208

**Chris Beutler** (Midwest Messenger) 402.380.8244

**ONLINE BIDDING:** As described on the next page, you may bid online through [www.superiorlivestock.com](http://www.superiorlivestock.com). The specific link for SVR is <http://www.superiorlivestock.com/production-event-detail?id=1504>.

**ABSENTEE BIDS:** If you cannot be with us on Sale Day, and would like for us to place a bid, we will confidentially and honestly handle any bids for you. Please call any of us at the phone numbers listed above.

**VOLUME DISCOUNT:** SVR offers a \$100 discount on the third bull purchased at this sale by the same buyer, and \$100 off each additional bull purchased by the same buyer.

**LOT NUMBERS:** Sale book numbers for the bulls will correspond to ear tags and freeze brands. Sale order is catalog order.

**DELIVERY:** Free Delivery within 250 miles of SVR. Over 250 miles, SVR will help coordinate delivery to the nearest convenient sale barn facility possible for our trucker and you. Sales totaling \$5000 or more will have a maximum delivery charge of \$300 per head anywhere in the lower 48 states. Sales totaling less than \$5000 will be delivered at cost. Bulls picked up sale day will receive a \$50 discount. Call Ben at (402) 684-3308 if any questions.

**GUARANTEE:** SVR will guarantee breeding soundness for the first 90 days, unless injury or death is caused by the buyer's negligence or an Act of God, such as lightning. SVR must be notified promptly of the bull's breeding disability. SVR will work with the buyer and (i) replace the bull with a comparable animal if SVR has such an animal; or (ii) credit the buyer with the purchase price, less salvage value, at SVR's next sale.

**RETAINING:** 1/3 Revenue Sharing and semen and certificate interest in all bulls in the Sale Book. Buyer has full possession and full salvage value. Should SVR want to collect the bull at a later date, it will be at the buyer's convenience and at SVR's expense.

**STORM DATE:** We will work with the Burwell Livestock Market to announce on the radio whether the Sale has been cancelled because of a storm and a new sale date. We will also try to announce such event online and on [superiorlivestock.com](http://www.superiorlivestock.com).

**TERMS AND CONDITIONS:** Cattle will sell under the suggested Terms and Conditions of the American Angus Association ([http://www.angus.org/Pub/suggested\\_sale\\_terms.pdf](http://www.angus.org/Pub/suggested_sale_terms.pdf)). All cattle are the buyer's property and the buyer's responsibility as soon as the gavel falls. All purchases must be paid in full prior to load. Health papers will be the buyer's responsibility if the buyer does not take possession within thirty days.

**LIABILITY:** All persons attending the sale do so at their own risk. Neither SVR nor Burwell Livestock Market assume any liability, legal, at equity or otherwise, for any accident that may occur.

**INSURANCE:** Insurance will be available to buyers on sale day by James F. Bessler, Office: 630.945.3483, Cell: 816.762.2641, [JamesFBessler.com](http://JamesFBessler.com).

## MOTELS:

Pump and Pantry Motel, Burwell • 308.346.4607

Rodeo Inn, Burwell • 308.346.4408

A "+" before the registration number indicates an ET calf.

EPDs current as of Dec. 29, 2015. Updated EPDs can be viewed online at [www.angus.org](http://www.angus.org).

**PLEASE BRING YOUR SALE BOOK TO THE SALE!**

**COMMENTS FROM THE SALE MANAGER:  
SPRING VALLEY RANCH  
THE HOME OF PREDICTABLE TIME TESTED LOW-INPUT GENETICS**

Spring Valley Ranch is a most unique operation; the 75 two-year-old bulls in this sale have been raised strictly on grass, not a single bite of grain. As you study their pedigrees that is the way they have been bred to perform and establish an endless list of satisfied customers for Spring Valley Ranch.

As you study this sale book, you will note that the genetics that this sale is based on is the blood that set the foundation for the Angus breed that we know and enjoy today. Aberdeen Angus cattle were put on this earth by God to be scavengers which means they were meant to utilize grass and forage to its fullest extent, which is the program at Spring Valley Ranch.

If you are looking for bulls that are highly conditioned, this sale is not for you. If you are searching for bulls that are sound, functional, will gain weight while breeding cows and heifers, and give you a profitable end product – well then don't miss this sale.

I am looking forward to seeing my many Angus friends at this important event on Friday, February 5th at Burwell, Nebraska.

Sincerely,

Tom Burke

**HOW TO PARTICIPATE AS AN ABSENTEE BUYER**

If you are unable to attend and want to bid on Sale Day, we have made arrangements for you to purchase the bulls through Superior Productions' "Call or Click-To-Bid" service. Please note that all of the lots in the sale will also be available for viewing online prior to Sale Day at [www.superiorlivestock.com](http://www.superiorlivestock.com). Our specific sale page for bidding and viewing is <http://superiorlivestock.com/production-event-detail?id=1504>.

**HERE'S HOW IT WORKS**

**Turn in Bids Over the Phone.** This is our traditional method of buying livestock. To get started, simply go online to [www.superiorlivestock.com](http://www.superiorlivestock.com) and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions, print the registration form, fill it out, sign it and fax the completed form to Superior Productions at (817) 378-3380. You can also mail the completed form to the address provided on the form. Upon receipt, Superior will call you with a buyer's number and the bid line phone number that you will use on Sale Day to place bids over the phone.

**Click-To-Bid.** Registration is free, but you must become a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to sign up. Becoming a member is easy - just go to the homepage of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) and follow the outlined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward, you just have to sign in, select our sale and register for it. Once approved, you will receive an e-mail confirming that you are registered for our sale. **Please note that high speed internet is required - this is not for dial-up or satellite internet.**

**Viewing the Auction.** The sale will be broadcast live on the internet at [www.superiorclicktobid.com](http://www.superiorclicktobid.com) and [www.superiorlivestock.com](http://www.superiorlivestock.com) - just go to the home page and select the auction. Remember, you can call in to bid over the phone when watching on the internet if you have registered for that service. But, you must be a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to "click-to-bid" and bid online.

**Our specific sale page for bidding and viewing is <http://superiorlivestock.com/production-event-detail?id=1504>.**

**Bidders who are successful in making purchases will be contacted by Spring Valley Ranch after the sale to settle payment and discover your shipping plans.**

Heifer Bull and Embryo Transfer. 3708 is the first of four embryo transplants from the mating of OCC Eureka 865E and our donor Sinclair Lady Ida 04F3. Eureka combines Rito, Traveler, Wye and N Bar genetics while 04F3 is intensely linebred Emulation. The combination of the two has produced excellent offspring.

| I+5 | I+.2   | I+22   | I+42   | I+27 | +10.24 | 89 |

4139 is a heifer bull. He is an outstanding son of Candolier Forever 376, one of the greatest maternal bulls of all time, and our donor Coleman Dixie Erica 143. Dixie Erica was "one of the most prolific producers to work in the Coleman program" and was "linebred to the foundation female sires, Traveler and F0203." Her progeny have been well received by both seedstock and commercial producers. Her phenotype blends well with that of 376, adding depth of body and spring of rib, while maintaining the essential maternal characteristics of 376.

## SVR 5522 JUANADA 4142

4188 is a heifer bull. The dam of 4188 is a Brooks Donna cow, who is quite feminine, transmits excellent teat and udder structure and whose offspring have good mothering abilities. Broadside, a full brother to OCC Backstop, adds fleshing ability and good phenotype. The offspring of 4188 should thrive in a low cost, forage environment.

# SVR BULLS

4128 is a Candolier Forever son out of a Churchill of Wye daughter, our donor dam 0740. Representing the best of Wye genetics, this breeding also includes superb N Bar and Nichols breeding. Churchill's mother, Colleen of Wye, is regarded as perhaps the greatest cow from the Wye plantation. Legend has it that when Churchill was weaned, Colleen died of a broken heart. Colleen also produced one of Wye's greatest sires, Columbus. 4128 will provide excellent phenotype, outstanding marbling and pass the best of Angus maternal characteristics into your herd.

## SVR CHURCHILL C/STONE 4206
