8 - Weaned Herd Sire Prospects      1 - Proven Herd Sire

### Terms:

Cattle sell under standard terms of American Angus Association. Full payment must be received prior to shipping.

### Risk:

Cattle become the risk of buyer as soon as sold

### Delivery:

Cattle are available for shipping October 3rd. Buyers are responsible for shipping. Oliver Angus and Brubaker Sales will assist to acquire shipping.

### Procedure:

The bidding process will begin on September 28<sup>th</sup> and carry through to October 2<sup>nd</sup>. Buyers can call, text or email a bid on one or more lots, starting at the minimum price. Early bids will close on October 2<sup>nd</sup> at 6 PM ET.

At 7PM ET a bid-off will take place via tele-conference. Buyers will enter into a tele-conference line. Early bids will start for a given lot and other buyers will have the opportunity to increase the bid until sold. The tele-conference information will be given when buyer pre-bids or is registered for the sale.

Buyers may bid on multiple lots, however if a bid is given on any lot and there is no higher bid, the buyer must take that lot.

To place bids contact Ken Brubaker, 540/908-5799.

### Buyer Registration:

To register to be on the conference tele-auction call Brubaker Sales at 540/908-5799. Buyers will be given the conference call phone number and PIN number to access the auction. Please be sure to call no later than one (1) hour – 6pm ET – prior to the auction.

### Registration Certificates:

Registration Certificates will be provided to buyers at the seller's expense at the time of delivery.

### Health:

All calves will be vaccinated prior to shipment and be accompanied with Interstate Health Papers

Friends,

Welcome to our 2018 production sale. The summer showers were plentiful here in west central Georgia this year, so the cattle are in good condition heading into fall. The calf crop has certainly reaped the benefits of having healthy mothers, as we weaned a very uniform group of calves this year.

We are excited about this offering. There are many good open heifers along with some production age cows that have made a huge impact in our herd. The herd bull along with the prospects are some of the best we have produced in recent years. Some of these genetics may never be offered again..

Thank you to all our friends, but most importantly, Chris Throne, Bill Martin, Charles, Spen and Ken Brubaker for helping us pull all this together each year. I could not, and would not, want to do it without your help.

I hope you enjoy viewing the catalogue and videos on our website. As always, feel free to contact me with any questions regarding this offering or our program. Or better yet, stop by for a visit, as friends are always welcome here!

Sincerely,

Spence Oliver

Angus Friends,

### **The Legacy Continues...**

Welcome to the 4<sup>th</sup> Annual Oliver Angus Production Sale. The legacy of linebred Maternally Efficient genetics continues at Oliver Angus. The impact of a great cow, "41" is evident throughout the sale offering so read and study the pedigrees carefully – it will tell you all you need to know about the program

To see the value of these cattle it is imperative to look through the videos. Here you will see the phenotype and kind of cattle they are producing. These videos were taken the last week of August'

Special features this year is the Lot 1, a Proven Feature Herd Sire, "468". His progeny are keepers ! This is the first and perhaps the last "41" son to sell at auction. Another feature are the proven cows being offered. They are hard to part with, but need room for the next generation. Many of these cows are Donor quality.

The Herd Sire and open heifers the the best ever offered. They are backed-up by great cows and cattle you can build a program with.

If you have questions on the sale format or need to register to participate do not hesitate to contact me.

Regards,  
Ken Brubaker

# The “Art” of Linebreeding

## The Impact of a Great Cow

**O Miss Alap 2246-41**

The “41” cow and her full sister “40” have been the foundation in the Oliver program. She is the dam of Herd Sires “97” and “147”. She has a progeny WR 9@112 on a 373-day calving interval. She is a daughter of the \$28,000 Alap of Wye

**O Mr Banjo 41-147 Logo**

A son of the “41” cow, this Herd Sire is a massive and powerful Herd Sire. He is sired by the highly regarded “Banjo of Wye”. His influence sells throughout the offering as the sire or Grand Sire with several calves linebred to him.

**O Mr Casey 41-97**

Another son of “41” by the \$14,500 “Clarkson of Wye” He blends “Favour” and the great Wye Pathfinder “6767” and the “41” cow. His influence can be found throughout the offering and you will find many calves that are linebred to this sire and his dam.

**O Miss 97-41-281**

She is the product of a son-dam mating. Sired by “97” and a direct daughter of “41”. She represents the future of the Oliver program. She demonstrates the power in this Gene pool and the ability for it to be linebred for consistency and prepotency.

**O Mr 147-142-305**  
Son of “147”

**O Mr 97-120-234**

This proven Herd Sire is a son of “97” and Grandson of “41”.

**Mr Spen 128-147-330**  
Son of “147”

## Oliver Herd Sire Prospects

The herd sire prospects are from the very elite crop. They will make excellent herd sires and produce progeny that will function on grass. They are sons of many of our top-producing cows.
