Featuring

6 Proven Donor Quality Females & 5 Leonhardt-Oliver Bred Females

6th Annual 2020 Production Sale

November 10, 7:00 PM ET Bid-Off

View the videos at www.brubakersales.com
and www.oliverangus.com

The Offering: 6 Proven Donor Quality Females & 5 Leonhardt-Oliver Bred Females

Terms:

Cattle sell under standard terms of American Angus Association. Full payment must be received prior to shipping.

Risk:

Cattle become the risk of buyer as soon as sold

Delivery:

Cattle will be available for shipment on November 11th. Buyers are responsible for shipping, however, Oliver Angus and Brubaker Sales will assist in producing least cost loads to a central point. Cattle will remain at the farm. Insurance is advised. Passed 30 days buyer will be assessed \$1.30/day.

Procedure:

Bidding will begin at 7:00 PM ET via the Tel-o-Auction. This will take place like a regular Auction but at a slower pace. Buyers will need to pre-register to receive a bid number and call-in information by 6:00 PM ET to participate. Call Brubaker Sales 540/908-5799 to register.

Buyer Registration:

To register to be on the conference tele-auction call Brubaker Sales at 540/908-5799. Buyers will be given the conference call phone number and PIN number to access the auction. Please be sure to call no later than one (1) hour – 6pm ET – prior to the auction.

Registration Certificates:

Registration Certificates will be provided to buyers at the seller's expense.

Health:

All cattle will accompanied with Interstate Health Papers.

Sale Book Prepared by:

Oliver Angus, Brubaker Sales & Marketing LLC and Bluewood Design.

Dear Friends,

Welcome to the 2020 6th Annual Oliver Angus Production sale.

It has been a strange year to say the least. Fortunately, the concerns of man have not had any effect on our cattle. We had a strong calf crop this year and a near perfect breeding season. The cattle are in great shape going into fall.

We are changing this year offering up a bit. We have decided to offer 5 purebred heifers and 6 bred registered cows. All the females offered come right from the heart of the herd. If no one purchases these ladies, they will more than likely spend the rest of their days right here on the farm. So, seize this opportunity.

We hope you enjoy looking at this offering and you are welcomed to do so in person. Please feel free to contact me.

Sincerely,
Spencer Oliver

Dear Angus Friends,

The legacy continues of breeding maternally efficient cattle that thrive in a low-input grass management model.

This offering is from the elite part of the program. You have the opportunity to select Donor Quality females direct from the "41" lineage. Direct daughters and Grand Daughters are being featured. These females are all extraordinary grass cows, and cows to build with.

The Leonhardt-Oliver line is an amazing set of females. They are linebred to the A389 cow, super efficient with depth, fleshing ability and udder quality.

We invite you to go to brubakersales.com to view the videos and see how amazing these cattle are.

If I can assist you in any way, please do not hesitate to call.

Regards,
Ken Brubaker

The “Art” of Linebreeding

The Impact of Great Cows

O Miss Alap L 2246-41

The “41” cow and her full sister “40” have been the foundation in the Oliver program. She is the dam of Herd Sires “97” and “147”. She has a progeny WR 12@110 on a 373-day calving interval. She is a daughter of the \$28,000 Alap of Wye.

O Mr Banjo 41-147 Logo

He is a direct son of the “41” Matriarch and by the well known female producer, “Banjo of Wye”. His influence sells throughout the offering as the Grandsire of many and many are linebred to him.

O Mr Casey 41-97

Another son of “41” by the \$14,500 “Clarkson of Wye”. He blends “Favour” and the great Wye Pathfinder “6767” and the “41” cow. His influence can be found throughout the offering and you will find many calves that are linebred to this sire and his dam.

O Miss 97-41-281

She is the product of a son-dam mating. Sired by “97” and a direct daughter of “41”. She demonstrates the power in this gene pool and the ability for it to be linebred for consistency and prepotency. She sells as Lot 1.

O Mr 97-120-234

He is the “heir apparent” to the “97” lineage and now resides at Happy Cattle Co in TX. Watch for more from this elite Sire.

Mr Spen 128-147-330
Son of “147”

- **Examined Safe to Breton Wye UMF 11001**
- She is the product of breeding a Son to his Dam to test the bloodline. It tightened up the germ plasm and proved to be beneficial.
- She is phenotypically flawless with angularity, depth, rib and fleshing ability. Her only knock is she lost her first calf to lightning..
- Her Dam is the great "41" cow who records a progeny WR 12@110 on 371 days. "281" posts a progeny BR 5@90 and WR of 5@100 and a 357 day calving interval.
- This is a real Donor quality female to build a program around incorporating her and her amazing "Alap" Dam.
- She blends Favour and two generations of Alap of Wye.

- **Examined Safe to Breton of Wye UMF 11001**
- She is a daughter of the LOT 2 cow and stacks Lot 2, Lot 1 and the "41" in her pedigree. Young cows like this with her Maternal credentials are rarely offered and hard to find.
- She is linebred "Alap" and linebred to the great "41" cow.

- **Examined safe to Breton of Wye UMF 11001**
- She is the product of blending two maternal brothers in "147" and "97", which makes her double-bred to the elite "41" cow.
- She is line bred to be a great one to provide calving-ease and production on grass.
- Easily fleshing genetics that rank in the elite 1% for \$EN. She will require less inputs to produce efficiently.

O Mr Casey 41-97 - Maternal Grand Sire Lot 6

- She was selected by the late, Ed Oliver, from the late Larry Leonhardt herd in Cowley, WY.
- While she was never registered, Ed saw the value in this cow. She adapted to her environment leaving Wyoming to the pines of Southwest, GA never missing a calf and producing great ones.
- If papers aren't important to you these bred heifers will be a group to build with.
